WORKSHOPS

Issues in Podiatric Medicine

A panel discussion with DPMs from a variety of subspecialties including pediatrics, sports medicine, surgery and wound care. Topics will include: Where is podiatric medicine heading?, What is the job outlook for DPMs in the future? and The day-to-day life as a DPM.

Navigating the Admissions Process

An admissions representative will provide a guide to using AACPMAS, advice for writing a great personal statement, suggestions for LORs, admissions requirements, and interview tips.

Financing Medical School

A tutorial by NYCPM's financial aid officer covering student loans, work study, and scholarship options.

Student Life

A glance into the life of a podiatric medical student. A student will discuss the curriculum, housing options, and student activities.

One-on-One Consultations

Bring your transcripts and MCAT scores and sit down with an admissions representative for a one-on-one admissions consultation.

Tours

Tour the NYCPM facilities, the Foot Clinics of New York, and our student housing.
