**It takes so little to improve  
the life of a neighborhood senior!**

Search and Care, a non-profit serving the homebound elderly of Yorkville, East Harlem, and Carnegie Hill, invites you to a "meet and greet."

Volunteers are needed to help our vulnerable, frail, elders who still want to live independently in their own homes. It takes team work — care managers, graduate students, financial advisors, and **VOLUNTEERS** like you — to help!

Explore which volunteer role is the perfect fit for you: friendly visiting, companionship, pet care support, escorting, shopping/errands, assisted walks, help at special events, computer coaching, office support...and more!

No one should fall through the cracks

## Pet & Elder Empowerment Project

PEEP volunteers are dedicated to helping frail neighborhood elders with the essential activities of caring for their pets: dog walking, changing litter, taking the pet to the vet, or shopping for supplies. And for those who miss the company of a pet, PEEP volunteers bring their pet to you!

### SEARCH AND CARE

Established as a nonprofit in 1972 to help Upper East Side community elders to safely age in place.

*What happens to this woman's beloved companion when she can no longer bend down to feed Kitty, change her water or litter, or take her to the vet?*

If she lives in our community and lacks the financial resources or family to pitch in, our dedicated PEEP volunteers can provide in-home help at no cost to her.
