

TCNJ Faculty-led Study Abroad

2013

Summer in South Africa

Health Communication Internship

Make a Difference & Save Lives
through an exciting, credit-bearing internship.

During this 3-week credit-bearing internship, students will:

- Explore cross-national efforts to promote HIV/AIDS awareness, education, and prevention.

- Design their own health communication campaigns to save lives.

- Learn about “Entertainment Education” and how it is used to foster health awareness campaigns.

- Discover the Indian Ocean port city of Durban and the natural beauty of South Africa: see wild animals, visit national parks, go river rafting.

Program dates: July 28-August 18, 2013
