

Qualitative Research Position Available

A large multidisciplinary research team has a research position available for several projects evaluating behavioral approaches to improve treatment adherence and outcomes in patients with chronic medical conditions such as diabetes, heart failure, stroke, and hypertension. The individual would be responsible for coding and analyzing qualitative interviews. Additional opportunities include providing patient education by phone and conducting qualitative interviews.

We are looking to hire someone who can devote 20-40 hours per week to the position and can start as soon as possible. The salary is \$26/hour. The work must be done onsite at the Manhattan VA Medical Center. Preference will be given to individuals who have experience using Atlas.ti.

Interested candidates should e-mail Jennifer Friedberg, PhD, at Jennifer.Friedberg@nyumc.org and Sundar Natarajan, MD, at Sundar.Natarajan@nyumc.org with cover letter, CV and questions.
