

ARE YOU...

- ...considering a career in the health care profession?
- ...interested in becoming a medical professional trained to provide a variety of clinical services ranging from surgical interventions to primary care?
- ...interested in working with a diverse patient population, children through seniors?
- Would you like to be a specialist in sports medicine, surgery, orthopedics, or wound care?

If you answered YES to any of these questions, podiatric medicine may be the career for you!

TEMPLE UNIVERSITY SCHOOL OF PODIATRIC MEDICINE

097-1415_JP

INTERNS WILL...

- ...attend workshops and seminars on podiatric medicine. Topics include:
 - gross anatomy of the foot and ankle
 - introduction to podiatric medicine
 - biomechanics and pathomechanics of the foot and ankle
 - foot screening and evaluation
 - specialties in podiatric medicine, such as:
 - diabetes
 - sports injuries
 - surgery
 - pediatrics
 - wound care
- ...shadow and work with podiatric physicians in hospital, private practice and outpatient clinic settings.
- ...work with a TUSPM student-doctor throughout the internship on a case presentation.

TO APPLY, STUDENTS...

- ...must have completed 45 credit hours at an undergraduate institution.
 - ...must not have previously applied to a school of podiatric medicine.
 - ...must complete and submit the following by November 26, 2014, for the winter program or April 20, 2015, for the summer program:
 - college transcript or grade report
 - resume
 - essay indicating why you are interested in a career in health care
 - recommendation from a college faculty member indicating your interest in and aptitude for science and medicine, in a sealed, signed envelope
 - description of your activities and work experience that demonstrates interest in and aptitude for working with people (i.e., health care setting, community service, volunteer work, etc.)
 - maximum of one typed page per item
 - please include ALL items in the same envelope
 - please include your e-mail address on your resume
 - please print and submit online application with application materials
- Submission of standardized exam, MCAT or DAT, is optional.
- Housing will be provided: for the winter program at a local hotel within walking distance of campus, and on campus for the summer program.**
- Interns are responsible for meals and miscellaneous costs.**
- There will be a \$100 reservation fee due upon acceptance into the internship program. This fee will be refunded upon completion of the program.**

VISIT HISTORIC PHILADELPHIA
