

**Do you feel alone and lost
when studying for the
MCAT?**

**Are you confused about how
to complete the medical
school application?**

JOIN THE MENTORING IN MEDICINE, INC ® MEDICAL PATHWAY PROGRAM (MPP)

MPP is a holistic 10-week intensive summer boot camp that prepares premed students for the journey to the medical school. Since 2009, MPP has been helping students achieve their dream of attending medical school. In the past 2 years, 85% acceptance rate of students who apply to medical, and students have increased their score by 8-10 points. Many of whom were *discouraged* from achieving their dream!

You will take the Kaplan MCAT Review Course with an instructor and on-line access. You will work with a learning specialist, communications coach, mental performance coach, and receive advising during the application process including mock interviewing and much more!

Criteria:

Applicants must

- Be a member of an ethnic group historically underrepresented in medicine and/or socioeconomically disadvantaged (*All are encouraged to apply.*)
- Have a Science GPA of 2.8 or higher
- Qualify to take the MCAT between August 2015 – January 2016
- Have **completed** the basic pre-medical prerequisite courses (Biology, General Chemistry, Organic Chemistry, Physics) with Biochemistry, Sociology and Psychology preferred
