

Joan H. Marks Graduate Program in Human Genetics

7th Annual Genetic Counseling Career Day

Monday June 8th, 9:00 AM - 5:00 PM

Sarah Lawrence College Bronxville, New York

We are located twenty minutes north of Manhattan. The college is home to the both the oldest and the largest genetic counseling program in North America. At this time, more than 60% of the genetic counseling field are alumni of this special program. Through a program of rigorous, interdisciplinary study and field placement, the graduates are redefining the relationship among health, science, and society.

Are you interested in learning more about our amazing field?

Who should join us? *ANYONE* who wants to learn more about genetic counseling

What will happen during the day?

- A panel of genetic counselors will introduce you to their pathway into the field.
- You will become familiar with the type of knowledge and skills genetic counselors use in their practice and the wide array of jobs this skill set can prepare you for.
- You will engage in discussions about the ethical and societal implications of genomic medicine
- You will have lunch with practicing genetic counselors & genetic counseling students
- You will break into smaller groups to learn about specific specialties within the field
