

Turning Dreamers into
Health Professionals ©2014

*"I had the interest but not the confidence to apply to medical school. My MIM family believed in me and were voices of strength, encouraging me and helping me to achieve my goals. I know that I can't give up because they won't give up on me."
-Chinedu "Kingsley" Nwabuobi 2nd year Ob/GYN Resident, Strong Memorial Hospital*

Do you need a support network?

Do you need help to create a strategic plan to successfully get to the next step?

Do you want to gain more experience in the medical field?

Mentoring In Medicine, Inc. (MIM) is a nonprofit 501c3 organization founded in 2006. MIM is a continuity national program that provides services to students from elementary school throughout health professional school.

The mission of MIM is to help students become competitive applicants to and graduates from health professional school and to increase health literacy. Through academic enrichment, leadership development, civic engagement and mentoring MIM empowers students to achieve their dream of becoming a biomedical professional.
