

Turning Dreamers into
Health Professionals ©2015

"I had the interest but not the confidence to apply to medical school. My MIM family believed in me. They were voices of strength, encouraging me and helping me to achieve my goals. I know that I can't give up because they won't give up on me." -Chinedu "Kingsley" Nwabuobi 3rd year Ob/GYN Resident, Strong Memorial Hospital (He started with MIM as a college student.)

***Do you need a support network?
Do you need help to create a strategic plan to gain admission to
medical school?***

Mentoring In Medicine, Inc. (MIM) is a nonprofit 501 (C) 3 organization founded in 2006. MIM is a continuity national program that provides services to students from elementary school throughout health professional school.

The mission of MIM is to help students become competitive applicants to and graduates from health professional school and to increase health literacy. Through academic enrichment, leadership development, civic engagement and mentoring, MIM empowers students to achieve their dream of becoming a science or health care professional.

➤ **Medical Pathway Program 12 (Fall 2015)**

Attend a medical school preparatory boot camp featuring MCAT preparation with Kaplan, working with MIM coaches (academic skills, communication, mental performance) and much more.
