Albert Einstein College of Medicine

Louis M. Weiss, MD, MPH

Professor of Medicine and Pathology
Albert Einstein College of Medicine

Advancing Global Health: ETHICAL AND LOGISTICAL ISSUES

Monday, December 5, 2016

Overview/Statement of Need

Currently, there is unprecedented interest in global health on the part of students and faculty. We are all seeking answers to many of the same questions and situations. Universities banding together on global health can learn from each other, and demonstrate to the world what works best. This includes forging collaborations and promoting the exchange of knowledge and experience in global health across disciplines in universities today.

Goals

The purpose of this conference is to bring the leadership and faculty in global health together for a day of sharing experiences and best practices in global health and to further explore and review these essential areas:

- Building sustainable global partnerships
- Global health and medical education

Learning Objectives

- Integrate global health courses into current medical education curriculum.
- Create more robust and secure global health fellowship programs for medical students.
- Show how global health centers can build the concept of parity and sustainability into research projects and community sites.

Intended Audience

This conference is aimed at the leadership, management, and faculty of academic global health centers throughout the US.

Conference Location, Date and Time

Michael P. Price Center and Harold and Muriel Block
Research Pavilion, Lefrak Auditorium
1301 Morris Park Avenue
Bronx, New York 10461
Monday, December 5, 2016
8:00 am – 6:00 pm

HOTEL INFORMATION AND RESERVATION

Radisson Hotel New Rochelle

1 Radisson Plaza

New Rochelle, NY 10801

Group Name: Einstein Global Health Group

Booking Reservation on-line: www.radisson.com

Destination – New Rochelle

Check in Date

Check Out Date

Select Rate Type – Promotional Code

Enter Code or ID – Global

Booking Reservation by Calling:

914-576-3700 ext. 237 or 800-333-3333

Group Name: Einstein Global Health Group

Group Rate: \$124.00 per night

We recommend reserving your room early due to limited availability and higher rates.

CUT-OFF is November 4, 2016

We will provide transportation the morning of December 5th from the Radisson Hotel to the conference site.

ACCREDITATION

Albert Einstein College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION

Albert Einstein College of Medicine designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SPECIAL NEEDS

Albert Einstein College of Medicine fully complies with the legal requirements of the Americans with Disabilities Act. If any participant is in need of special accommodations, please submit a written request at least two weeks prior to the activity to: Center for Continuing Medical Education 3301 Bainbridge Avenue, Bronx, NY 19467 or email at npiacent@montefiore.org

CONFLICT OF INTEREST STATEMENT

The "Conflict of Interest Statement" of Albert Einstein College of Medicine requires that faculty participating in any CME activity disclose to the audience any relevant relationship(s) with a commercial interest, pharmaceutical or equipment company*. Any presenter whose disclosed relationships prove to create a conflict of interest, with regard to their contribution to the activity, will not be permitted to present.

Albert Einstein College of Medicine also requires that faculty participating in any CME activity disclose to the audience when discussing any unlabeled or investigational use of any commercial product, or device not yet approved for use in the United States.

The staff of CCME of Albert Einstein College of Medicine has no conflicts of interest with commercial interests related directly or indirectly to this educational activity.

** The ACCME defines Commercial Interest as an entity producing, marketing, re-selling or distributing health care goods or services consumed by or used on patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interest.*

Bronx, NY

Louis M. Weiss, MD, MPH

Professor of Medicine, Division of Infectious Diseases
Professor of Pathology, Division of Parasitology
and Tropical Medicine
Co-Director of the Einstein Global Health Center
Albert Einstein College of Medicine
Bronx, NY

About Albert Einstein College

of Medicine is one of the nation's premier centers for research, medical education and clinical investigation. In 2015, Einstein received \$148 million in awards from the National Institutes of Health (NIH). This includes the funding of major research centers at Einstein in aging, intellectual development disorders, diabetes, cancer, clinical and translational research, liver disease, and AIDS and other areas. Its partnership with Montefiore Medical Center, the University Hospital and academic medical center for Einstein, advances clinical and translational research to accelerate the pace at which new discoveries become the treatments and therapies that benefit patients. Through its extensive affiliation network involving Montefiore, Jacobi Medical Center—Einstein's founding hospital, and three other hospital systems in the Bronx, Brooklyn and on Long Island, Einstein runs one of the largest residency and fellowship training programs in the medical and dental professions in the United States.

About the Einstein Global Health Center

In an increasingly interconnected world, the mission of the Albert Einstein College of Medicine Global Health Center is to promote the ideal of health for all. Our goals and objectives encompass the domains of education, research, and service, which intersect and overlap in all of our actions.
