Clinical Nutritionist-Registered Dietitian / Lactation Consultant
Full Time Outpatient

The ideal candidate must be a dynamic Registered Dietitian (RD) & Lactation Consultant (IBCLC) motivated to provide individualized comprehensive medical nutrition therapy for diverse perinatal and pediatric populations in the outpatient setting. This opportunity will enable the advantages of an outstanding breastfeeding consultant who works closely with interdisciplinary providers to develop and grow a program with exceptional experiences for our patients and families.

Required:

Registered Dietitian (RD) and NYS certification (CDN)
Minimum of one (1) year of clinical nutrition experience

Preferred Experience:

International Board Certified Lactation Consultant (IBCLC)
Work in the outpatient nutrition setting
Master's degree

Bilingual (English-Spanish) is a big plus

Enjoy competitive compensation along with benefits such as tuition reimbursement, hospital retirement contributions, and financial planning assistance. NewYork-Presbyterian Hospital is an equal opportunity employer.
